

NO VGM NO GATE-IN

rate 2025

	GMP 2025
	Rate (Euro)
for any change in the weight of the container declared AFTER the entry on (tracing terminal in the CCS S)One)	350,00 €

Additional information on the new NO VGM NO GATE-in procedure UMEP communication of 26 May 2025

AGREEMENT OF PLACE

From 2 June 2025, the entry of full containers into the Le Havre port terminals operated by CNMP, GMP and TNMSC - whether by road, barge or rail - will be subject to mandatory declaration of the VGM weight upstream.

The VGM weight will have to be declared by the shipper or his representative in the Community tool S) One before entering the terminal. It is recommended that the VGM be completed no later than 1 hour before entering the terminal.

If the VGM is not completed on entry to the terminals, the goods will be refused access to the terminal.
